# PREMIUM CRANE, EASY PAYMENT

# YOU DON'T ALWAYS HAVE TO BUY A CRANE

## BENEFITS OF RENTING

- No large upfront capital investment
- Premium crane with fixed monthly fee
- Worry-free renting: crane service included
- Easy upgrades when lifting needs change

Konecranes RENTALL gets you a crane without a large one time investment. After site-related costs, you pay only a fixed monthly fee that includes crane service to keep your lifting equipment in top condition. This gives you the freedom to concentrate on your core activities and allows you flexibility in your future business.

### FLEXIBLE PRODUCTION – PREDICTABLE COSTS

We know that the right production equipment is an important investment to help build your business. With Konecranes RENTALL, your crane becomes an operating expense rather than a capital investment. It's easier and more straightforward than an up-front purchase.

Konecranes RENTALL process is simple. Simply select the crane or hoist you want from our product portfolio with the help of our crane specialists. Our rental cranes have capacities up to 20 tons and if your production changes your equipment can be upgraded to match your new requirements.

## GET A CRANE WITH SERVICE FOR ONE FIXED PRICE

Konecranes RENTALL is a bundle service that helps you control your equipment and maintenance costs. With a fixed monthly fee, you get:

- Preventative maintenance
- Routine maintenance, repairs, and wearing parts replacement
- 24/7 on-call service
- TRUCONNECT Remote Monitoring

With RENTALL, you only pay up front for site-related items, transportation, installation, commissioning and initial inspection. The minimum contract period is 36 months.
